Announcement and Invitation

European *Values* Study WORKSHOP 19-22 October 2010

The European *Values* Study and Deusto University organize a workshop in Bilbao. The workshop will start on Tuesday morning October 19, and closes on Friday October 22 at 12.00. The program will focus on comparative studies and multilevel analysis.

Two categories of social scientists can apply for the workshop:

- (1) National program directors or their representatives (one per country).
- (2) Other social scientists who use the EVS data.

Special attention will be given to comparative studies based on the 2008 wave. The first release of the EVS 2008 wave is now available; see www.europeanvaluesstudy.eu.

The organization covers the hotel costs for 4 nights (arrivals on October 18; departures on October 22) for participants who are accepted to the workshop. Deusto University covers the costs of the workshop, the catering during the workshop and the conference dinner on Thursday. Travel expenses and the other dinners are not covered.

Please register for this workshop with Edurne Bartolomé (edurne.bartolome@deusto.es). If you would like to do a presentation during the workshop, please include your paper proposal in your message.

Deadline for registration is 20 August 2010!
